

# Introduction Sheet

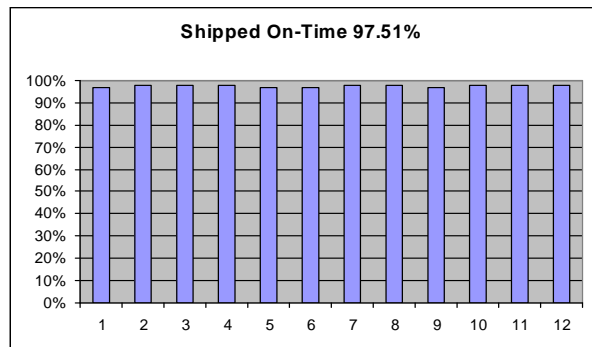

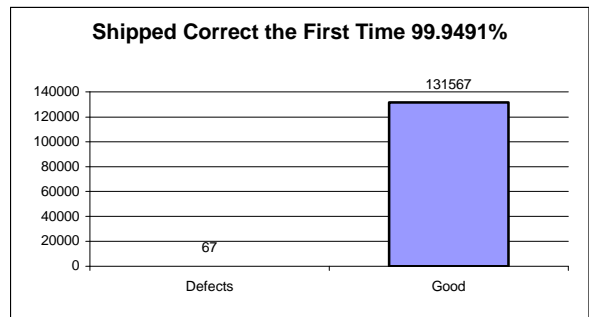

Greetings, Bachhuber Manufacturing is a contract CNC machine shop located in southeast Wisconsin. Specializing in difficult to machine materials, shapes, and

tolerances, we work together as a team to satisfy our customers' needs.

To meet your needs for quality, delivery, and value, we use our ISO 9000 System to continuously improve service to our customers.

Here are a couple charts showing last year's data.

If you are having quality or delivery trouble with your existing suppliers, Give us a try!
